

Canvas Gradebook Taskforce Summary of 2023/2024 Activity

The Faculty Council Canvas Gradebook Taskforce was formed with the purpose of reviewing the proposal to make the use of the Canvas gradebook mandatory for all faculty. This taskforce is charged with gathering information about the current use of the Canvas gradebook by faculty, feedback from faculty about the current proposal, and assessing the feasibility of mandatory use of the gradebook by faculty across all disciplines. Feedback was obtained through a survey submitted to all Collin College faculty and used to create recommendations for items to address before implementation. The results of the survey and taskforce's recommendations were presented to Faculty Council for deliberation.
