

IRB Taskforce Summary of 2023/2024 Activity

Discussed the IRB Committee Background, discussed Proposals and Procedures that took place in 2022, discussed where we currently stand, discussed upcoming goals, discussed the Committee's Purpose: The Institutional Review Board FC subcommittee serves as a nominating committee for the Research Request Review Committee (a college-wide committee), and as a mediating committee for faculty members who have concerns about inequity in the research review process or violations of ethical conduct in human research performed at Collin College. The subcommittee also serves the purpose of informing faculty about opportunities for research support and notifying faculty of any significant changes in how the research approval process will work at Collin College, 6. Submitted nominations for the RRRC (Research Requests Review Committee).
