

**COLLIN COLLEGE
COURSE SYLLABUS**

Course Information

Course Number: PHYS 2389

Course Title: Academic Co-op Physics

Course Description: Integrates on-campus study with practical hands-on work experience in physics. In conjunction with class seminars, the student will set specific goals and objectives in the study of physics. Contact the Cooperative Work Experience Office.

Course Credit Hours:	3
Lecture Hours:	1
Cooperative Work Experience Hours:	6

Student Learning Outcomes: To provide the student insight into the practical aspects of an organization's operation by observation and participation in the day-to-day activities, to assist in determining occupational compatibility with student's goals, and to assist in developing an understanding and appreciation of human relations in an organization

Criminal Background Notice: If your program requires a criminal background check, your placement in a required clinical site, cooperative, practicum, internship and/or licensure/certification opportunity may be impacted. If you have any questions or concerns, please contact your program director or instructor and check with your licensing/certifying entity, if any, to determine your status.

Withdrawal Policy: See the current *Collin Registration Guide* for last day to withdraw.

Collin College Academic Policies: See the current *Collin Student Handbook*

Americans with Disabilities Act Statement: Collin College will adhere to all applicable federal, state and local laws, regulations and guidelines with respect to providing reasonable accommodations as required to afford equal educational opportunity. It is the student's responsibility to contact the ACCESS office, SCC-D140 or 972.881.5898 (V/TTD: 972.881.5950) to arrange for appropriate accommodations. See the current *Collin Student Handbook* for additional information.
