

EXPLORE THE COSMOS!

SIGN UP for

ASTRONOMY

at the Preston Ridge Campus with *Dr. Christian Aars*

Counts as a Core Curriculum Science Course!

PHYS 1403 Stars and Galaxies
PHYS 1404 Solar System

NO PREREQUISITES!

NEW EQUIPMENT!

*3-hour observational labs feature state-of-the-art
Telescopes and Educational Software.*

Astronomy lab students will utilize all of the Celestron telescopes shown!

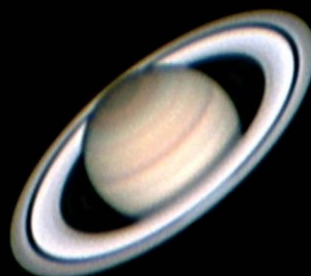

The Galaxy/Saturn photos below were taken through the 14" Celestron CGE Telescope model

Our astronomy lab features 6 new telescopes with auto-navigation and tracking for quick & easy viewing. See the sun, moon, planets, and stars as never before during regular observations!

BOTH DAY & EVENING CLASSES AVAILABLE. For questions or inquiries (including research opportunities), please contact meadebrooks@cccd.edu.

NGC891 Galaxy
